

MIDTERM WEEK 3 – FINAL

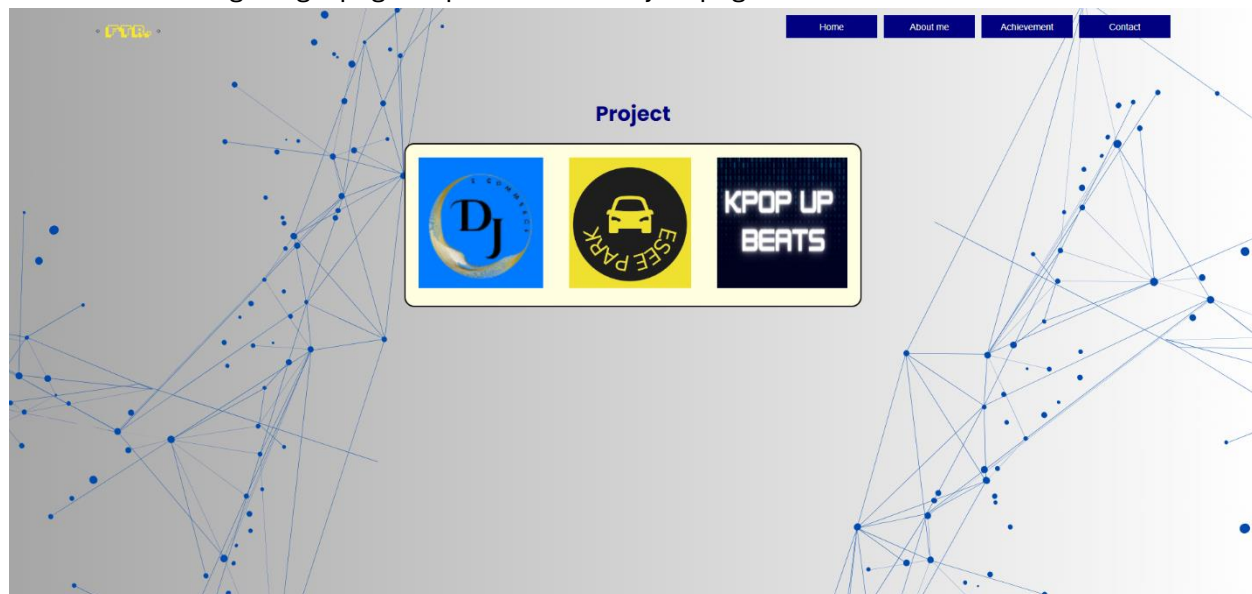

During the final week of working on my portfolio, I completed all the improvements. Instead of creating a login page, I decided to showcase my projects, making the portfolio more appealing and content rich. This version maintains the original meaning while improving flow and clarity.

Note: Clicking on the image of each school will direct you to the respective school's social media page.

Instead of creating A login page I replace it with Project page Instead.

CSS

Use import url for font Poppins.

```
@import url("https://fonts.googleapis.com/css2?family=Poppins:wght@400;600;700&display=swap");
```

Add comment in each page so that I wont me lost in track.
